

## Delta 1 QR (Quick Release) Plate Carrier

The Delta 1 QR (Quick Release) Plate Carrier is a lightweight, uni-sized, fully adjustable vest with soft armour and plate pockets (front and back) for extra coverage. The quick release system ensures rapid removal when necessary. The heavy duty Molle system covers the entire vest which is attachment-friendly. The drag handle is an absolutely, no-fail piece of gear for getting you out of dangerous situations. The Delta 1 QR Plate Carrier is one of those vital pieces of gear that could easily save your life. Every soldier knows how important ballistic plate carriers are for protecting against flying bullets, fragments and debris and this carrier does all of that.
