

**REZI - CUT RESISTANT**

Rezizt are excited to launch our brand new REZI cut resistant products to market. Using Ceracore Technology, with both flexible and rigid options, it offers many ways to stop commercial and domestic break-ins.

REZI can be used in a variety of applications, anything from door cavities to steel casings - tailored for your individual requirements.

A fire retardant bonded solution for resistance to domestic saws, drills and other generally available cutting tools. Rezi-Plaz and Rezi-Ply have the addition of a hard surface and can have armour added for ballistic protection.

Rezi Type	To EN1063/ FB4 Standard	Thickness (mm)	Weight (kg/m <sup>2</sup> )
